Salvation Army sponsoring "Christmas Cheer"

Needy families are invited to participate in the Salvation Army's "Christmas Cheer" registration for food, clothing and toys. The registration is planned for Oct. 10-13 and Oct. 17-20 at the National Guard Armory, State Road 80, Belle Glade, across from Glades General Hospital.

Those wishing to participate must bring photo identification (driver's license), a Social Security card, proof of income, and proof of residency, such as a rent receipt, lease agreement, telephone bill, water bill or FPL bill. A birth certificate is also necessary. Those receiving AFDC should also bring the AFDC check stub.

Open house

Lake Shore Middle School's Open House is tonight, Sept. 22, at 6:30 p.m., and the community is invited to attend.

Citizens are invited to come out and meet the instructors and administrators of the school. There will be refreshments and door prizes. The Lake Shore Middle School Band will perform and those attending can learn about the school's clubs, organizations and after-school activities.

Lake Shore Middle School is located at 1101 S.W. Martin Luther King Blvd. (Avenue E), Belle Glade.

Early dismissal

Grove Elementary School will have early dismissal on Sept. 28. All students will be dismissed at noon and all buses will run their routes at this time. The entire staff will be involved in staff development as it relates to the School Improvement Plan. Non-instructional personnel will be learning sign language. Adults in the community who would like to learn sign language and become a sign language interpreter are invited to attend an introductory class at Grove on this day from 12:45 to 2 p.m.

For more information, call 996-9985, and ask for Mr. Cavanagh or Mrs. Seider.

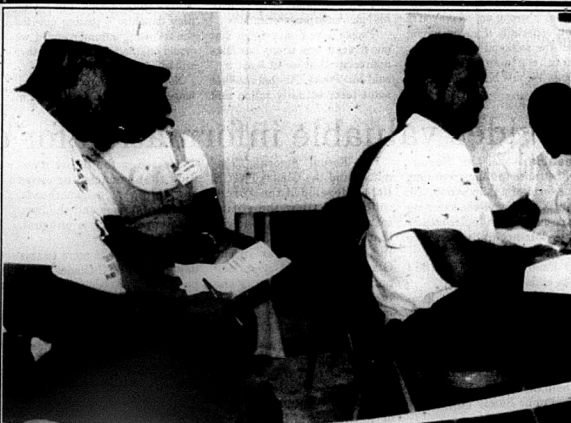

Sports forum scheduled

A Palm Beach County Sports Commission Forum is scheduled for Tuesday, Sept. 20, at 6 p.m. Kimberly A. Brown, a youth program coordinator, will be the speaker.

The event will be held at Tanner Park Recreational Complex, 791 N.W. First Street, South Bay. Those interested in attending should call Glades Development Corp. at 992-9500.

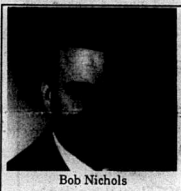

Square dancing

The Kane Cutters Square Dance Club will resume their weekly dancing program Oct. 3, at 7 p.m. at the Clewiston Youth Center, 110 Osceola Ave. Call Mona Rader at 813-983-6905 or Virginia Hughes at 813-983-7176 for information.

Sitting for the count down...Dan Bythwood (left), and Dennis McCarthy patiently wait Tuesday night for the results of the election. Mr. Bythwood was re-elected to his fifth term on the commission, defeating Mr. McCarthy by 62 votes.

Bob Nichols to attend First Family Forum this Saturday

Bob Nichols

All concerned citizens are invited to the Family Forum scheduled for Saturday, Sept. 24, at the Dolly Hand Cultural Arts Center. The forum begins with registration at 8:30 a.m. and continues throughout the day.

Participating in the event will be Channel 12 Eyewitness News Anchorman Bob Nichols. Registered participants will enjoy a break-out session of topics including Family Support (How do I make ends meet?), Education (Is our education system the best it can be?), Affordable Health Care (Is the health care system working for my family?), Human Services delivery (Is help there when I need it?), Adolescent issues (Is anyone listening?), and Public safety (Why don't we feel safe?).

Participants will enjoy a free

lunch and dinner and entertainment throughout the day. Also, a special awards program called "Showcase Glades Exception People" will take place in the closing hour of the day's activities.

Bob Nichols has been a recognized television and radio personality in South Florida for the past 26 years. He anchors the news at noon and 5:30 p.m. on WPEC, TV 12.

During his career, which began at Channel 12 in 1969, Mr. Nichols has been an investigative reporter, assignment editor, news director, producer of children's programs, anchorman and weather specialist. When he started at the age of 16, he was the youngest on-air weatherman in the country.

Over the years he has received hundreds of awards and citations for his news reporting and community involvement. He is past president of the Muscular Dystrophy Association, Palm Beach Chapter, and is seen as one of the local voices of the Jerry Lewis Labor Day Telethon each year. He is also on the national board of directors for the Adam Walsh Children's Fund, board of directors at St. Jude's Children's Hospital, board of directors and executive cabinet of

the YMCA, United States Senior Athletic Games, the Italian-American Sports Hall of Fame, and the national board of directors for "Hook-A-Kid on Golf."

Serving as a charity auctioneer, Mr. Nichols has conducted hundreds of auctions for charity in 10 states, which has raised over a half million dollars for their causes. He speaks nationwide to stroke clubs and other stroke groups.

In May 1984, Mr. Nichols suffered a serious stroke which left him paralyzed on the left side. After four initial months in the hospital and two years of intense therapy, he fully recovered from the stroke, only to be hit by another one in February 1994. Again he has recovered and he speaks to patient groups in an effort to encourage them to become stroke victims instead of victims. A Florida native born in Fort Pierce, Mr. Nichols was educated at Miami University in Oxford, Ohio, where he majored in speech and theatre.

He is married to the former Annette Rosi. They have two daughters, Natalie Dawn and Kollette Renate, and a son, Robert Brandon. Mr. Nichols' main hobby is golf, and he carries an eight handicap.

It took two days of searching the canal just down from the Belle Glade Police Department to find the Nissan Sentra which was driven into the canal Sunday night by Tomasina Lane of West Palm Beach. Police say the car, owned by Tonya Haynes, was the source of an argument between the two women. Belle Glade Firefighter Tim Clark and Sgt. Dan Crist with the Belle Glade Police Department recovered the car in the canal Tuesday. No one was in the vehicle. Ms. Lane was picked up in West Palm Beach on other warrants for her arrest.

Voters return Daniel Bythwood to another 2-year commission term

By Brenda Bunting
Editor

The majority of voters in Tuesday's election say they want Daniel S. Bythwood to serve another two-year term on the Belle Glade City Commission.

Mr. Bythwood earned his fifth term on the commission in a win against Glades Gas owner Dennis McCarthy.

Mr. Bythwood beat Mr. McCarthy by 62 votes, winning 863 to 797.

Mr. McCarthy and Mr. Bythwood were in a run-off election this week after a three-way race

last week eliminated Glades NAACP President Larry Konchellah.

Tuesday was rainy, which may have accounted for the fact that 140 fewer voters came out to the polls than on Sept. 13.

Mr. Bythwood, a retired teacher with the Palm Beach County School Board, said he was happy with his win and credited a lot of hard work by a lot of people, including children who helped with his campaign.

City Clerk Sue Betts said 36.46 percent of the registered voters turned out for the election.

South Bay appoints new police/fire chief

Tammy Jackson
Staff Reporter

Members of the South Bay City Commission appointed Charlie Napier, 52, as the city's new police and fire chief Tuesday night at the South Bay City Commission meeting.

Chief Napier replaced the retiring chief, Roy Humston, Wednesday morning.

In a letter of resignation to South Bay Mayor Clarence Anthony and the commission dated Sept. 12, Mr. Humston stated he had decided to resign due to "the continuing failure of the city to raise the pay level for my personnel and myself." During an interview, Chief Humston said he had lost quality officers on several occasions because of the pay status.

"You want to retain your people. Each time I lose an officer, I have to hire a new one and train him," said the retiring chief. He said he felt that tactic was a lot more costly than raising salaries.

The chief did however state the mayor and the commission had been cooperative with him and he had indeed enjoyed working in the city for the past 13 years.

Mayor Anthony said in reference to the city's budget constraints, the chief's salary and those in that department are legitimate.

A retired Riviera Beach Assistant Police Chief, Mr. Napier had went through extensive interviews with each of the commissioners pri-

or to his appointment. According to Mayor Anthony, Mr. Napier has very sound training, and he's involved both nationally and locally with police services and training. He said, "I feel comfortable Mr. Napier is the type of chief that would serve the city very well."

Commissioner Michael Jackson had met with Mr. Napier and told the commission he was very impressed with him. He said, "He exhibits very high qualities in what we're looking for in leading our police and fire department."

Mr. Napier told the commission he had toured the city and found the citizens to be "very, very friendly." He said he is thankful to be given the opportunity to demonstrate his skills.

Comm. Jackson moved for the commission to appoint Mr. Napier. The motion was seconded by Commissioner Marshall.

Mayor Anthony told Chief Napier, "You already have a great police department and I look forward to working with you."

Mr. Napier assured the commission and the citizens of South Bay the police department will indeed interact with the community.

Mr. Napier had been accused of sexual harassment while with the City of Riviera Beach. All of the charges were exonerated and he received full back pay of his wages.

Pahokee football team experiences lightning scare

Tammy Jackson
Staff Reporter

An afternoon of football practice led to an overnight stay at Everglades Regional Medical Center for an assistant coach and 11 players of the Pahokee Middle/Sr. High School football team. According to reports, lightning struck near their practice field around 3:45 p.m. No one was struck directly by the lightning but the jolt was strong enough to shake up some of the Blue Devils.

According to Palm Beach County School Board West Area Superintendent Chuck Shaw, football practice had been cancelled because of extreme approaching weather and lightning. He said some of the players had already made it into the locker room whereas others were still enroute when the lightning

struck.

Though there were no serious injuries, many of the Blue Devil players did complain of extreme headaches and upset stomachs. Some of them were admitted to the hospital for overnight observations.

After what the football team had experienced, they still talked about their upcoming ball game Friday night against LaBelle. Many of them stated they were indeed hungry to win.

Rumor of the mishap circulated quickly among the small Pahokee community and the parents and relatives of members of the No. 1 ranked team visited the players in the hospital and reassured fans they were indeed doing well.

According to Pete Karas, Pahokee High School Athletic Director, "We're very blessed, we're very fortunate."

Almanac predicts November will be cooler than normal, the rest of the winter will be warm and dry

By Mike Lyons
I'm not a big fan of snow or cold temperatures. I like to tell people that the only snow I want to see anytime soon is on television.
Many residents of the Northeastern states may feel the same

way especially after last year. The winter of 1993-94 was an especially tough one featuring extended cold snaps and a seemingly endless string of snowstorms.
Those folks fed up with, white winters must have been disappointed this week when they heard about the forecast from the Old Farmer's Almanac. The Almanac says it's going to be another rough winter.
"We expect near record amounts of snow in New York, New England, the Great Lakes and the upper Great Plains," said John Pierce, the publisher of the Almanac. "Precipitation totals for the winter will be well above normal for much of the country."
It's going to be a frigid winter,

too. The Almanac predicts cold, blustery weather during the months of November, February and March but warmer than normal temperatures in December and January.
This is the 265th year the Old Farmer's Almanac has been making long-range weather predictions. How accurate are they? "We're right about eight times out of ten," said Pierce.
That's an excellent track record but, take it from me, most people tend to remember the times your forecast is wrong not when you're right, especially if you're wrong about the weekend weather. Last year, the Almanac was dead wrong. "We just blew it," said Mr. Pierce.

The Almanac predicted a mild, dry winter for our friends up north but Mother Nature had other ideas. "We misjudged the effects of the El Nino," Mr. Pierce explained. "We thought the El Nino would weaken which would lead to fewer storms and warmer weather but the El Nino remained strong so it turned cold and white."
The Almanac's forecasts are prepared by former NASA meteorologist Dr. Richard Head who uses solar sunspots, the El Nino and other factors to come up with his long-range prognostications.
"People were disappointed that our forecast was wrong but folks appreciate that we at least try," said Mr. Pierce. He told me that some folks actually called and

wrote the Almanac to complain about the weather boo-boo.
"A few people said they no longer trusted the Almanac, that they would never read it again," Mr. Pierce said. "But those cases were isolated. Most of our 4.5 million readers realize how difficult long range weather forecasts are and appreciate our efforts."
Despite last year's blown forecast, Mr. Pierce still gets phone calls from folks wondering about the weather down the road. "Every spring people call saying their daughter is getting married the following summer and if we would tell them what the weather will be like on the wedding day,"
Now there's a forecasting challenge. A prediction 15 months in

advance! Mr. Pierce says he usually bends the rules a bit, checks with Dr. Head and calls the grateful family back.
By the way, the Almanac thinks we're going to have a nice winter. "November will be a bit cooler than normal," Mr. Pierce said. "The rest of the winter will be warm and dry."
Is the forecast correct? We'll find out in the coming months but while the Almanac may have had problems with last winter they did come up with one recent forecast that was right on the mark. The Old Farmer's Almanac predicted Hurricane Andrew 15 months before the storm came ashore.
I don't know about you but I'm off the store to buy some sweaters.

First Families Forum provides valuable information for everyone

By Scott Kannel
As the preparations for this week-end's First Families Forum are finalized, a few

points of clarification are evident in order.
First, there seems to be a misconception that the only

beneficiaries of the 'Forum' will be those families receiving some form of public assistance. A quick review of the morning break-out session topics clearly shows this not to be true. The topics are:
1) Family Support (How do I make ends meet?)
2) Education (Is our education system the best it can be?)
3) Affordable Health Care (Is the health care system working for my family?)
4) Human Services Delivery (Is help there when I need it?)
5) Public Safety (Why don't we feel safe?)

The 'Forum' Steering Committee and the Glades PATCH Board developed the Forum concept to allow the entire community to address concerns that are fundamental to families raising children in the Glades. The Panel of participants was invited with the intention of having the most influential individuals possible gather to hear the concerns of the community and address those ideas directly at the event, plus take them back to Washington, to Tallahassee, to West Palm Beach, to city hall, or to the school Board to be

addressed in the future planning that impacts our cities and towns, our neighborhoods, and our families and children. This opportunity is unusual. Don't miss it.
Second, there is more to this day at the PBCC-Glades Campus than discussion of serious issues. Registered participants (registration on-site begins at 8:30 a.m.) will enjoy free food at lunch and at dinner, entertainment throughout the day, and a very special awards program called "Showcase Glades Exceptional People" in the closing hours of the day's activities.

ties. In this program members of the Glades communities who have personified the Forum theme of "It Takes a Village to Raise a Child" will be recognized and acknowledged for their efforts on behalf of children and families in the Glades.
If you have not already pre-registered, registration begins at 8:30 a.m. Saturday morning at the tents on the Palm Beach Community College Campus between the classrooms and the Dolly Hand Cultural Arts Center. The Forum will "take over" the campus for the day.

Elegant new lobby expansion unveiled

By Maria Wise Miller
The Dolly Hand Cultural Arts Center is proud to announce a new lobby expansion for the theatre.
"We are very excited about this new addition," said Dr. Helen Franke, provost of the Glades Campus of Palm Beach Community College. "The expansion will add approximately 3,000 square feet of indoor space allowing a multitude of new program options for the theatre."
Elegantly constructed of smoked glass, a copper roof, sculptured tile floors and crystal chandeliers, the new lobby

space will be used for receptions, dinner theatre, gallery and visiting museum exhibits.
Just imagine it. Not only would you be able to attend a wonderful evening of cultural programs, but you could also enjoy a specially catered dinner whose theme matched the program you are about to see.
After the theatre, stay for a reception with the artists that may include cappuccino coffee and chesapeake. Come, and view an exhibit of local artists, a quilt display, or a visiting exhibit from museums such as the Norton, Palm Beach Community College, Boca Raton Cartoon and others.
The space will also be available to community groups to rent for fashion shows, special meetings, weddings and other events.
Architectural drawings have been submitted and construction is scheduled to begin in early January and completed by June.

On The Road To Success: Careers In Trucking

(NAPS)—Life on the open road: Trucking is gaining ground among many people who are looking for a second career—and perhaps even a business venture to call their own.

Many of today's truckers own and operate their own business, working independently, earning a good living while doing something they love.

Taking up the trucking life today are more and more folks like Dick and Carol Mahan, an Ohio couple who traded in their empty nest for a 34-foot, 16-ton GVW diesel three years ago. They also traded in established jobs—Dick, as the owner of a painting contract business, and Carol, as a manager with an insurance company. For the Mahans, the "road ahead" was owning and operating their truck, contracting out their services to a national carrier based in Akron. It was all about building their own business—and making a good living from "running the road," wherever it would take them.

"Being an independent contractor adds another whole dimension to the life we've chosen," adds Dick. "We made a substantial investment in our truck—in the neighborhood of \$50,000—and it's up to us to make a go of our business."

Like other independent owner/operators, the Mahans need information, as well as experience and hard work, to run their business. In their line of work, they've found that the key to business success is having a "rolling office" right in their cab. Roberts Express, the carrier they contract their services to, links its contractors into a satellite tracking and two-way communications system. That way, the Mahans know almost immediately when there's a run available, where it will take them, and how much it will pay. From that point, it's their decision, their business entirely.

Independent owner/operators such as Dick and Carol Mahan find that a career in trucking can be rewarding in many ways.

But what's it like on the road? And what's it like living and working with your spouse, just half a truck-cab away? Trucker couples agree that life isn't for everyone, but when it works, it's very rewarding—in many ways.

As Carol, who had never driven anything larger than the family station wagon before, says, "Trucking is hard work that can keep you away from home for weeks at a time. But it can also be great fun. Dick and I are seeing new places and meeting new people all the time—things we always wanted to do. And we're doing it together."

Along the way, folks like the Mahans are turning around the lone, "tough guy" image of truck drivers. In the future, more people will be viewing truckers as business- and career-minded people who take to the open road to earn a good living, doing something they love.

Working conditions for officers

"Thank you (to The Sun) for making the space for the police to print their ad.

After reading the Sept. 8 issue, I became an investigative reporter and started asking questions of the officers. Several didn't want to talk while in uniform in fear of being reprimanded or fired: So I spoke to them at length after duty.

I was informed of the following information:

- Officers are being taken off the road to cover "off-duty" details which should be worked as extra income for off-duty officers. This leaves the streets without proper coverage.

- Off-duty details are \$18 an hour, but the city gets the money and the officer gets a portion. Where is the money going?

- The motorcycle officer is no longer on the school zones in the a.m. He was reassigned to the afternoon since the off-duty details require the manpower.

(At least we now know why there are no burglaries at Winn-Dixie, U-Save, and any social function requiring police officers.)

- We have been told by Chief Miller (on television) that "We have plenty of certified officers who are willing to work in Belle Glade."

So why do we hire civilians and pay to send them to police academy?

- We have a new detective, a rookie with four months experience as a police officer.

- Pay scale: The more they work, the less they are paid. Last month during the mercury scare, officers averaged \$2.33 an hour.

- I know Mr. Miller will be given an opportunity to respond - so please, Mr. Miller, don't talk like a politician, just answer the questions. Remember, you have Civil Service protection in the event you are asked to resign, but your sergeants and

patrolmen can be fired on a whim and they have no recourse."

Editor's note: This **Speak Out** has been edited. Chief Miller's response is on page 5. This subject has been covered at length in two stories and numerous **Speak Out** calls. We believe we have provided a fair chance for both sides to be heard. Recent calls have become repetitive. We are inclined to print no more calls on this subject after this week, unless someone has something fundamentally new to say.

More on FOP

"I'm Speaking Out about the Fraternal Order of Police ad in the Sept. 8 issue of The Sun.

Why is the FOP continuing to disguise itself as a fraternal organization when it's actually a labor organization like the Teamsters? As the members of the FOP stated, they chose to unionize to have collective bargaining. Apparently, they didn't get everything they wanted, or everything they were promised by their leaders.

It was their decision to be represented by a union and bargain for a better deal.

Why don't they accept the results of their efforts like the adults they are and stop whining about it and stop spreading lies and half-truths in an attempt to mislead the citizens of Belle Glade?

They should be doing their jobs within the guidelines they bargained for. If they're so unhappy working for the city, why are they still here? Why not go to where they feel the grass is greener?

Hopefully, the citizens of Belle Glade will recognize their tactics for what they are and not be fooled by their rhetoric and misrepresentation of the facts."

Commentary

An open letter to parents

By Richard W. Riley
U.S. Secretary of Education

Very few things are more important to our children's future or to America's future than the quality education of our children. We believe that the concerted efforts of entire communities to create and sustain disciplined learning environments, where our children can be challenged to meet high academic and occupational skill standards, are what will provide our children - and America - with a strong future.

All across America, there are communities which are pulling

together to strengthen education. Parents, teachers, community leaders, business leaders, and educators in every part of our country are starting to work together to improve teaching and learning and to improve student achievement.

With passage last spring of the Goals 2000: Educate America Act (by a strong bipartisan vote in Congress), new opportunities have been created for schools and neighborhoods, themselves, to accelerate local and state improvement efforts.

But these opportunities for educational excellence can only be taken advantage of through greater family involvement in children's education - both at school and at home.

I believe that all parents, regardless of income or occupation, have the capacity and the obligation to teach their children not only a love of learning, but also other critical American values such as responsibility, respect and hard work. Research shows that all families, what-

Letters to the editor

Dear Editor:

I'm the unofficial base historian of the former airfield that was in operation during World War II. We are a non-profit organization and planning for our fourth reunion this year.

We are looking for former military personnel who served or were trained here from 1942 to 1948. This would include civilians that worked here. I hope you can help us out in our efforts.

The 4th Annual Reunion of Kingman Army Air Field will be Sept. 30 through Oct. 2. We are looking for former military and civilian personnel and their families. The general public is welcome. There will be static displays, air demonstrations, dinner and a dance and tours.

Please contact us at: Kingman Army Air Field Reunions, Attention Rob Chilcoat, 6000 Flightline Drive, Box 3, Kingman, Ariz., 86401, or call 602-757-1892.

I hope to find former personnel through your newspaper. Thank you for your time and effort.

Respectfully,
Rob Chilcoat

Dear Editor:

Some thoughts on the proposed constitutional amendment to ban nets. I am of the third generation of our family; and my 4-year-old son is of the fourth generation; to make a living from the waters of Florida. For over 100 years my family has fed millions of Americans, with the same tools that I use today. There were good years and bad years, as many things in nature are cyclical. Then came the dredges.

Now, there are sea-walled canals and houses where there were once pine trees and deer. Of course, there are thousands of acres of man-

groves and grass beds lost forever, to say nothing of the clams, scallops, oysters and countless other creatures.

A young friend recently told me of the day his family stood next to the bay in Venice and watched the dredge come. A young, impressionable lad, he watched his big, strapping dad break down and cry like a baby as the machine relentlessly spewed millions of shreds of clams on the spoil pile. This particular dad had fed and clothed his family for several years, and he knew it was gone forever. He learned to fish a gill net, and joined the rest of us.

Now, just a few short years later, this same man and his son, now a strapping man with four children of his own, stands on the bank again, joined by thousands more. Again, we face another mindless, uncaring machine just as relentless as the dredge. This time it is a rumor mill, spreading lies and hatred, devouring people and their lives, with no more logic or purpose than the dredge.

We are people - human beings, the same as everyone else in this state. We are the first true environmentalists, because we depend on this ecosystem to feed and clothe our families.

If you will talk to biologists who have studied this issue, you will find they don't support the net bag and feel it will serve no purpose other than to destroy an entire culture of people.

If you will allow netters and an industry that supports 40,000 to 50,000 jobs to be ground into oblivion today, will it be you tomorrow? When will the machine come for you and your family? Who will defend you from the lies?

Sincerely
Buck Cole

Officials wasting taxpayers dollars

This is addressed to the citizens of South Bay: Why do we in South Bay have to furnish the fire department a fire truck to drive up to a local restaurant to drink coffee? We are furnishing the gas while he gets paid to be at the fire department.

Why can't he stay at the fire department and bring his coffee with him?

It costs gas and money to run that fire truck."

Nothing's been done

"A few weeks ago I called in about the canal along Avenue L, Belle Glade, and you reported that the city manager, Lomax Harrelle, had contacted the county about cleaning it. As of this date, nothing has been done about cleaning that ditch out there.

So, I contacted the county yesterday and they told me that the ditch belonged to the state. I contacted the state. They said the ditch belonged to U.S. Sugar. I contacted U.S. Sugar and they said "No way." They said the right-of-way was given to the county, the county granted it to the city when they extended the city limits.

So, I think it comes right back to Mr. Lomax."

Editor's note: This Speak Out was edited while hopefully retaining the caller's message. Mr. Harrelle was contacted. He said the ditch does belong to the county and he has been in contact with them about cleaning it.

Chief of Police Michael Miller responds to the first caller in this week's Speak Out section, Page 4:

My understanding of the role and responsibilities of an investigative reporter is to search for the truth while maintaining objectivity. You have obviously failed in both of these areas.

Once again, let's examine the facts:

Fact 1: The union tried to get the city to agree to a guaranteed minimum staffing of three officers and one sergeant per shift. The city would not agree to any "guarantee" but the department has never suggested falling below our current minimum staffing level of four patrol officers and one sergeant per shift. In fact, our normal staffing level is at least four patrol officers and one sergeant, one detective, one booking officer, and one dispatcher. There are unforeseen emergency circumstances that can temporarily cause a reduction in staff levels, however, these circumstances are short in duration. When all our vacancies are filled there are five patrol officers and one sergeant assigned to each shift. These shifts are also selectively supplemented by specialized enforcement units. Public safety has not and will not be compromised in order to provide contract services. The supervisor (sergeant) on duty has the authority to call and reassign an officer assigned to one of these details or call in other personnel if the need arises.

Fact 2: Our contract services program is modeled after other successful programs and is designed to provide the maximum amount of service to our citizens. All revenues generated by police contract services are deposited in the general revenue account of the City of Belle Glade. These revenues are used to offset the cost of liability insurance, workman's compensation insurance, salaries, equipment use, and other costs associated with providing the service. The city offered a proposal to the union,

which was rejected by the union, where the officers would receive \$18 per hour for off-duty employment and the union would be responsible for administering the program and all other benefits and obligations with regards to such off-duty work.

Fact 3: There are five designated school zones in the city that are monitored on a regular basis each day by police personnel. The police department is currently awaiting delivery of a brand new police equipped motorcycle that should arrive sometime this week. Speeding motorists should beware.

Fact 4: Within the past year the department has received approximately 75 applications for employment by certified police officers. We process and have employed 13 of these officers and currently we are preparing to process and interview 15 more for possible employment.

Fact 5: One of our priorities is to recruit local men and women who are qualified as candidates to become police officers. This initiative also affords us an opportunity to actively recruit qualified candidates that may not otherwise have the opportunity to pursue a career in law enforcement. Currently we have two such candidates scheduled to begin the police academy in October. One of the candidates is an African-American and the other candidate is of Arab descent.

Fact 6: As to a new "rookie" detective...once again you are mistaken. This particular officer is a patrolman assigned to plainclothes duty. The initial assignment was to investigate the rash of auto burglaries occurring in our community. Her investigation has led to the identification and arrest of several suspects. The investigation is continuing. Let me take this opportunity to introduce Officer Amy Allen to the citizens of Belle Glade.

Officer Allen graduated number one in her class at the police academy and has a Bachelor of Arts Degree in International Affairs from Florida State University. We think we are most fortunate to have Officer Allen as a member of the Belle Glade Police Department.

Fact 7: As to a pay scale: Once again let me point out to you that police sergeants, detectives and officers are now on a salary that is in compliance with the Fair Labor Standards Act. They are paid overtime calculated on their base salary and hours worked, so don't compare apples and oranges. During the recent mercury emergency our chief of police, inspector and police lieutenants also worked many long hours. Our compensation for these extra hours was zero, however, we understand that we are on salary and we are not complaining. I would certainly like to think that any officer of the Belle Glade Police Department would hope or want to profit from the misfortune of others.

Finally, if you can't stand the truth, don't ask me any questions. It is true that I have civic service protection and I will take no action to jeopardize this privilege. Any bargaining unit employee who is terminated will be notified in writing of the city's reasons for the discharge and may be heard in response. All employees of the Belle Glade Police Department have been and will continue to be afforded fundamental fairness in all matters relating to employment.

In closing, I want to thank all of the citizens of Belle Glade for their continued support of the Belle Glade Police Department.

Letter to the editor

Dear Editor:

This is in response to the Thursday, Sept. 15, Speak Out "If you don't like it, leave it."

Boy, do I love that mentality. According to this philosophy, nothing should ever change, nothing should ever get better, and if it was good enough 20 years ago, it is still good today.

Wake up people. This is the 90's. The era of the employee owning the employee has long ago vanished...except, that is, in the Belle Glade Police Department.

Yes, let me tell you that the mentality of "If you don't like it...leave it" is exactly why your police officers are now represented by a collective bargaining unit, the Fraternal Order of Police.

"If you can't live on what you're getting, you don't need to be here." This is exactly why over the past few years there have been over 50 qualified, experienced police officers leave your police department and your fair city. How can a police officer live in a community and be expected to give it his "all," including even his life, when he has to listen to comments like this all the time?

Yes, there are plenty of qualified people waiting in line to do this job at this rate of pay under these working conditions. Maybe this is why the Belle Glade Police Department has been laughingly referred to as the "training ground" for the Palm Beach County Sheriff's Department and the Palm Beach County school police.

Yes, these departments love your attitude.

"First of all, you need to try to help clean up the crime in Belle Glade." Other city employees have enjoyed improving work conditions, increased wages and increased benefits, while your police officers have not had a pay raise in over four years and recently our benefits were not only not improved but were in fact reduced and some were lost all together (at-will employees).

When was the last time a sanitation worker rushed into a bar fight to stop people from hurting each other? When was the last time a city hall employee recovered your stolen property? When was the last time you looked out your window at 2 a.m. and saw a city commissioner patrolling your neighborhood in an attempt to prevent crime so you could sleep safely?

...and then worry about getting more money."

Wake up. It ain't only about money. Read the whole article, or have someone read it to you. There are other items of contention which are also important: loss of earned vacation time, loss of paid holidays, mandatory residency requirements, unfair compensation for mandatory off-duty work, loss of time and one-half pay for mandatory overtime. Listen to the whole story before

you judge your police officers.

Let me put up a scenario for you to read, then you think about it very carefully.

For the past 10 years you have worked for the same employer. The money is not great, but you like your job and there are a few minor benefits, such as off-duty employment is available, if you want it. If you have to work overtime you are compensated for the majority of the overtime at a rate of time and one-half your normal rate of pay.

You enjoy your vacation time and after a few years you begin to earn a few more days of vacation time and if all goes well, you know that in a few more years you will be earning even more vacation time, making it worth your while to stay and work. But, as in all jobs, you can see some room for improvements in working conditions, pay, etc. So you begin trying to affect some changes.

You care about your job and you know that if a worker is fairly satisfied with all aspects of his job, he has a tendency to be a more productive, loyal and dedicated worker. But you are constantly met with "If you don't like it...leave it" so after a few years of getting nowhere, you decide that if "David" is to have any chance against "Goliath" then he must increase his numbers, and you seek out and find a representative to speak for you and your fellow employees.

But instead of being able to talk things over and reach a fair and equitable agreement, your employer forces you to change from a 40 hour work week to a 43 hour work week and this same employer reduces the basic hourly pay by almost one full dollar per hour. And those voluntary off-duty details are now made mandatory and at a reduced rate of pay. You are also forced to take a reduction in the earned vacation time from an average of 12 days a year down to only five days a year. You are also forced to accept a loss of some holidays that you used to be paid for but no longer are.

Your rate of pay for any overtime worked is reduced from time and one-half per hour down to merely one-half time, commonly known as "Chinese" overtime, which means the more hours you work, the less you earn per hour.

Visualize this example:

Previously, you were earning \$12 per hour for off-duty details and they were voluntary. Now you are earning about \$6 per hour and the detail is mandatory and if you refuse to work it, you are fired as an "at-will" employee.

Previously, you made \$10 per hour for 40 hours and about \$15 per hour for almost all of the overtime you work. Now you earn only \$9 per hour for 43 hours and about \$3 per hour for overtime and the more hours you work, the less

you make per hour, down to about \$2.17 per hour.

Recently there was a public safety hazard, the mercury spill. During a two-week period of this hazard, your police officers averaged anywhere from 60 hours of overtime to about 100 hours of overtime and the rate of pay for these hours ranged from about \$3.25 per hour down to about \$2.50 per hour.

That means that if an officer worked 75 hours of overtime plus his normal 86 hours (for a total of 161 hours), he received a grand total of (75 hours times \$3 per hour) \$225 for those 75 hours he was away from his family and working to protect this community. Under the previous system of pay, this officer would have received about (75 hours times \$15 per hour at time and one-half) \$1,125.

Mr. or Mrs. or Ms. concerned citizen, would you do it?

"If you don't like it...leave it."

Curtis Stambaugh
President of the Fraternal Order of Police

Editor's note: Mr. Stambaugh also responds to Fact 9 in Chief Michael Miller's comments in last week's Speak Out: "It would be unlawful for the city to unilaterally change the terms, hours, wages and conditions of employment without bargaining with the union first." He says:

Fact 1: Police officers are now "at-will" employees.

Fact 2: Police officers work week went from 40 hours a week to 43 hours a week.

Fact 3: The basic wage per hour was decreased by about \$1 per hour.

Fact 4: What used to be voluntary off-duty employment is now mandatory, even if the officer is off duty.

Fact 5: Overtime rate of pay is now a joke at half-time per hour, and the more you work, the less you make.

Fact 6: Earned vacation time, used to average 12 days a year, now it is decreased to five days a year.

Fact 7: For two years prior to the union, police officers received no raises.

Now, if that is not unilateral change, then what is?

Denying the police officers a raise at this time is just plain and pure punishment on the part of the city...punishment for having overwhelmingly voted for a union.

Ask yourself: If everything was so good for the police officers, then why did two-thirds of those who could vote, elect to keep the union?

Curtis Stambaugh

Editor's note: The changes referred to by Mr. Stambaugh were the result of an Impasse Hearing held before the city May 25, 1994. These very legislatively implemented acts.

ever their income or education level, can take concrete steps that significantly help children learn. And yet families are often the missing link in American education.

Many parent, education, community and religious organizations are coming together to promote greater family involvement in learning, and I, as the U.S. Secretary of Education, encourage such efforts right at home -- in every neighborhood and community. As we work to increase strong family-school partnerships, we all need to be mindful of the pressures parents face and the escalating demands on their time.

But I believe we, as a nation, must recognize something else as well: parents, when they can, need to slow down their lives and help their children grow.

As I travel around the country, I meet many parents who are trying hard to do the right thing by their children. They are being responsible, juggling jobs, trying to squeeze more hours into the day. They are worrying about their children's safety and doing all they can to keep their families together.

Yet, some 40 percent of parents themselves believe they are not devoting enough time to their children's education. Almost three-quarters of students between the ages of 10

and 13 say they would like to talk to their parents more about schoolwork. A survey taken last year showed that teachers believe the most important issue in educational policy is strengthening the role of parents in children's schooling.

And data compiled by the National Assessment of Educational Progress shows that three factors over which parents exercise authority -- student absenteeism, variety of reading materials in the home, and excessive television watching -- explain nearly 90 percent of the variation in eighth grade mathematics test scores among 37 states and the District of Columbia.

Successful family involvement is not a sporadic activity. It is sustained commitment to instill the habits of learning and to set high expectations. It is making connections to teachers and schools not only when trouble arises, but as part of the everyday process of children's schooling.

Parents are children's first and most influential teachers. By reading to children or having them read to us...by making sure homework is done...by monitoring television use...by knowing how children spend their time, parents can have a powerfully positive effect on their children's learning.

Parents can also help chil-

dren by participating in local and state efforts to raise educational standards. And we can urge schools to offer and enroll many more students in the challenging courses which prepare them for post secondary education and/or a promising occupation.

At the same time, we know that the responsibility for expanding and deepening family involvement extends well beyond families. Schools, communities, and businesses can all be part of a network of support for families and students.

Schools can reach out to families at convenient hours and promote family and community involvement in helping all students reach high standards. Communities can help to make schools safe and drug-free, provide support services for parents, and encourage volunteers to serve as mentors. Businesses can adopt "family-friendly" policies, such as child care or flexible leave, that would make it easier for parents to visit or volunteer in schools.

We have joined with more than 45 different organizations, and together we are identifying successful approaches to strengthen family involvement in learning.

Working together, we can reinforce the central role of the family in education -- and bring out the best in every child. We need your help.

DAILY BREAD FOOD BANK
Feeding the needy in South Florida

Ask Your Cashier to "Even-Up" Your Total to the Next Dollar for the Hungry.

Winn-Dixie and the Daily Bread Food Bank has joined forces throughout South Florida to battle against hunger. Have your cashier round off the total grocery order to the next dollar or more if you choose. The money is automatically added to an ongoing fund being raised for the Food Bank. Every dollar raised by the Food Bank provides meals to the hungry people in our community. All funds raised will be utilized to obtain needed items for distribution. Just say "Even It Up" at the checkout to help feed the needy.

Workshop scheduled to show how to open a Bed & Breakfast

The Palm Beach County Tourist Development Council is sponsoring a one-day program on "How to Open a Bed and Breakfast." The program will be held Saturday, Oct. 1, 9 a.m. to 4 p.m., at the Omni, West Palm Beach.

Leaders for the seminar are Marge and Tom Clauser. The Clausers conduct similar programs in Central Florida where they own an eight room Bed and Breakfast in Lake Helen.

They opened their inn five years ago and have a combined business background in financial management, employee relations, training and marketing. The Clausers are active in national and state innkeeper's groups. Mr. Clauser is on the board of Inn Route, the state association of Florida.

"This is an excellent way for aspiring innkeepers to learn first hand the requirements of starting their own business," said Charles Lehmann, executive director of the Palm Beach County Tourist Development Council. "And," he said, "even more important, this is a golden opportunity to pursue revitalization efforts for the Glades area. Bed and Breakfast inns would be an enhancement of an eco-tourism based industry around Lake Okeechobee. Our coastal cities, such as West Palm Beach, Lake Worth and Delray Beach may also be good locations."

Compatible with the B & B industry are businesses such as antique shops, gift shops, book stores and restaurants. "B & B guests always ask where to go for shopping and

restaurants," said Mrs. Clauser.

She also stated that many guests include outdoor recreation in their stay, including hiking, biking and water sports.

"I can envision an 'Inn to Inn' hiking or biking tour around Lake Okeechobee," said Herb Hiller, nationally-known author and travel writer from South Florida. "This is eco-tourism at its best. It has been very popular in New England for years, so why not Florida?" he said.

For seminar information and registration, call Mrs. Clauser at 1-800-220-0310. Registration forms may also be received by calling the Palm Beach County TDC at 407-233-1048. The deadline for registering is Sept. 26.

Tiedtke and Vandergift retire from Sugar Cane Growers Cooperative board

John Tiedtke of Winter Park, and Roy Vandergift, Jr. of Pahokee, retired from the Sugar Cane Growers Cooperative of Florida Board of Directors at the Sept. 15, board meeting.

Mr. Tiedtke, a founding director of the Cooperative, has continually served the membership on the 11-member board since the Cooperative's inception in 1960. Mr. Vandergift, Sr. was a founding director and upon his death in 1972, Mr. Vandergift, Jr. was appointed to the board. Upon his appointment, he was elected by the membership and has continually served on the board for the past 22 years.

Messrs. Tiedtke and Vandergift helped lead the Cooperative through many changes, including two major mill expansion projects. They also have been staunch supporters of mechanical harvesting and were instrumental in leading the Cooperative to harvest 100 percent of its cane mechanically. "The combined knowledge and experience of Mr. Tiedtke and Mr. Vandergift will be missed on the board," said George H. Wedgworth, president. "They have been dedicated board members and have served the membership well."

Rick Roth of Roth Farms, Inc., Belle Glade, has been appointed to serve as a director for the remainder of Mr. Vandergift's term of office, which expires in January 1995. Mr. Roth grows vegetables, rice and sugarcane in the Glades. He currently serves as president of the Western Palm Beach County Farm Bureau and Palm Beach County's Ag Advisory Committee.

John Schlechter of W.E. Schlechter & Sons, Belle Glade, has been appointed to serve as a director for the

remainder of Mr. Tiedtke's term of office, which expires in January 1996. Mr. Schlechter farms vegetables and sugarcane in the Everglades Agricultural Area. He currently

serves as chairman of the EAA Environmental Protection District; president of Pioneer Growers, a vegetable cooperative, and owns Everglades Farm Equipment in Belle Glade.

Kids from local church attend Disney World

Disney World will never be the same in the hearts and minds of the young people of Canal Point United Methodist Church. The youth, with friends, attended Disney's "Night of Joy" in Orlando, on Friday evening, Sept. 16. They enjoyed the sounds and sights of Disney World from 8:30 in the

evening until 2 in the morning! The sounds included an array of contemporary Christian musical groups and singers.

Those attending were Josh McKeehan, Brian Maxwell, Janet Towell, Emily Garner, Katrina Cruz, Eleanor Campbell, Saulin Quan,

Joshua Maynor, Robert and Nancy Maxwell, Dana Maxson and Frank Rodriguez.

This is a yearly event for the youth at Canal Point. It is a night in which they join together with thousands of other young people, from all over the State of Florida, to praise God through song!

The youth from Canal Point United Methodist Church visited Disney World recently for "Night of Joy." Those attending were (back row, left to right) Josh McKeehan, Brian Maxwell, Kevin Kelley, Scott Lewis, Robert Maxwell, Jeremy Maxwell, Nancy Maxwell, Dana Maxson and Frank Rodriguez, (front row, left to right) Janet Towell, Emily Garner, Katrina Cruz, Eleanor Campbell, Saulin Quan and Joshua Maynor.

Sorority hosts birthday party during monthly social

Remembering our Mother

Mrs. Bernice Smith

March 23, 1925 to Sept. 21, 1993

Time cannot steal the love and the treasures that we carry in our hearts.

Nor ever dim the shining thoughts our treasured past imparts.

Memories of Mother Dear still cast gentle glows,

To strengthen us, grace our days and light our path wherever we may go.

Still sadly missed by her children Gloria, Phyllis, Shirley, Connie, Pat, Melvin, and grandchildren and a host other family and friends.

The school year is in full swing at Glades Day School as faculty and students settle into the routine of academics and extracurricular activities.

Congratulations to the following students in grades seventh through 12th who were elected to represent their classes this year:

SENIORS - Heather Evans, president; Sarah Willis, vice president; Mireya de la Cerda, secretary; Amber Fulemwidner, treasurer; Jenny Glass and Srar Woodham, Student

Pahokee students receive points for good behavior

The Star Mart opened last week at Pahokee Elementary School. Students who were well-behaved during the week earn star points that are redeemable at the Star Mart.

The students are able to purchase small toys, chips and other incentives. Points may be redeemed each week or students may save them to buy more expensive items.

The children were very excited about the opening day at the Mart Sept. 12. They shopped and you could hear conversation about how some kids were going to save points and try to earn more points for the neat items to be purchased.

Glades Central plans Open House

Parents are invited to the first Open House of the year on Tuesday, Sept. 29. Progress reports will be available for the parents who did not receive them from the students. Open House will be held in the school gym at 7:30 p.m.

The highlight of the program will be the induction of Class and Student Council Officers.

The Cities in Schools program will be having Open House at 6 p.m. in 7N. Hunt dove from noon to sunset only

The first phase of dove season in Florida's Northwest Zone began Sept. 17 and ends Oct. 10. The shooting hours are from noon to sunset.

Hunters may take up to 12 birds daily. However, only four birds may be white-winged doves. The possession limit is 24 birds and only eight may be white-winged doves.

Shotguns not larger than 10-gauge plugged to a three-shell capacity with a one-piece filler which cannot be removed without disassembling the gun, long and compound bows and arrows, falconry, dogs, artificial decoys and manual or mouth-operated bird calls may be used during the dove season.

Council; Danny Scott, Marshette Bowns, Class Mr. and Miss.

JUNIORS - Patrick Altman, president; Joi Salvatore, vice president; Emily Cavine, secretary; Fida Musallet, treasurer; Calb Evans and Marnee Kohr, Student Council; Farris Shatara and Connie Marin, Class Mr. and Miss.

Magazine readers, now's the time to renew those annual subscriptions to your favorite periodical. The Class of '96 is sponsoring their annual Magazine Drive this week and will be calling on you to subscribe. Tapes and compact discs are also among the items offered. Anyone interested in ordering any of the above, and has not been contacted by a junior, may call the high school office at 996-6769.

The elementary students on the West Campus (former Christian Day School building) are wasting no time getting into the thick of things. Spanish lessons have begun for grades K-5 and the younger kids (kindergarten through second grades) attend a weekly story hour at the Belle Glade Library every Thursday.

The sixth graders are proud of their recently completed Bible projects and are ready to tackle their country assignments next.

The West Campus is also conducting weekly chapel services, led by Jan Bottoms and Joyce Chamblee, on Wednesday mornings.

GDS extends special wishes for a speedy recovery to third grader Tarah Harzog who broke her arm in two places and required surgery. Get well soon Tarah!

Center of Excellence to induct candidates

The Palm Beach County Center of Excellence, Inc. will hold its first induction ceremony for the 1994-95 school year for candidates who have met all requirements to become members of the McKnight Achievers Society at 4 p.m. on Saturday, Sept. 24, at St. Paul AME Church, Delray Beach.

The McKnight Achievers Society is one of the three youth programs that the Center of Excellence has sponsored in Palm Beach County for the last eight years. The society recognizes, encourages, and celebrates academic, vocational/technical and cultural/artistic achievements of youth.

The Center of Excellence programs make a positive statement on behalf of black communities about expectations for achievement and their support of Black students. In addition to the McKnight Achievers Society, the other sponsored programs at the Center of Excellence include:

- Black History and Cultural Brain Bowl Competition - A systematic approach to an intensive study and understanding of Black history and culture through teams and a competitive game.

- Community Involvement - A program which promotes greater community involvement in the educational process by emphasizing the use of human and financial resources within the Black

communities of Palm Beach County (parents, churches, schools, businesses and social, civic and fraternal organizations) to provide activities that will enable youth to learn and achieve at higher levels.

The officers and members of the Palm Beach County McKnight Achievers invite par-

ents, youth, their neighbors and friends to attend the first McKnight Achievers Society Induction Ceremony of the 1994-95 school years.

The candidates are Brandi Ingram, Gabriela Campbell, Tamisha Henry, Bernard Jackson, Tamara Starks and Joni Wallard.

Military News

Walkes
Navy Petty Officer 2nd Class Elizabeth U. Walkes recently graduated from the Basic Hospital Corps School at Naval Hospital Corps School, Great Lakes, IL. During the course, students receive instruction on basic medical procedures used by hospital corpsmen who assist Navy doctors and nurses.

Course studies also include an introduction to all phases of military health service, x-ray technology, laboratory analysis, general practice and surgery.

A 1990 graduate of Glades Central High School, she joined

the Navy in January 1992.

McCroan
Air Force Airman 1st Class Michael E. McCroan recently graduated from Air Force basic training at Lackland Air Force Base, San Antonio, Texas.

During the six-week training, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airman who complete basic training earn credits toward an associate degree through the Community College of the Air Force.

The 1988 graduate of Christian Day School is the son of Mr. and Mrs. Ernest J. McCroan of Belle Glade.

Ruiz
Navy Seaman Apprentice, Hector Ruiz recently returned from operations off the coast of Haiti aboard the amphibious transport dock USS Trenton, homeported in Norfolk, Va.

While deployed, USS Trenton operated in support of Operation Support Democracy — the United Nations Sanctions aimed at restoring democracy to Haiti.

Seaman Ruiz was one of 2,000 sailors and 2,200 Marines serving in a four-ship amphibious ready group which departed for the Caribbean in June — just 12 days after returning from a six-month deployment to the Mediterranean Sea. While in the Caribbean, USS Trenton operated as part of an international task force enforcing the embargo of Haiti.

The seaman joined the Navy in July 1983. He is the son of Pedro and Maria C. Ruiz of Pahokee.

Shepherd
Navy Airman Anthony Q. Shepherd recently reported for duty with Helicopter Anti-Submarine Squadron (Light) 40, Naval Air Station, Mayport.

The 1990 graduate of Pahokee High School joined the Navy in November 1992. He is the son of Mary A. Brown of Pahokee.

Mills
Navy Airman Recruit Jason S. Mills recently completed a six-month deployment to the Persian Gulf. Western Pacific and Indian Oceans aboard the aircraft carrier USS Carl Vinson, homeported in Alameda, Calif.

While deployed, Airman Mills traveled nearly 44,000 miles aboard the ship, visiting Australia, Hawaii, Hong Kong, Japan, Singapore, Tasmania and United Arab Emirates.

The 1993 graduate of Glades Central Community High School joined the Navy in June 1993.

Garcia
Navy Petty Officer 2nd Class Jose C. Garcia recently completed a six-month deployment to the Persian Gulf, Western Pacific and Indian Oceans aboard the aircraft carrier USS Carl Vinson, homeported in Alameda, Calif.

The 1984 graduate of Christian Day School joined the Navy in March 1984.

Twenty five years of exemplary service... South Bay City Clerk Virginia Walker received roses from the City of South Bay in appreciation of her dedication and superb job performance. Mrs. Walker has been with the city for 25 years.

Zora Neale Hurston Museum presents female singing group to the Glades

Tammy Jackson
Staff Reporter

The Zora Neale Hurston Roof Garden Museum presented the 1993-94 PACE (Performing Arts for Community and Education) R&B Showcase Artists "Ladies of Mystique" at yet another grand opening event for the museum Friday night, Sept. 16, at the Dolly Hand Cultural Arts Center.

Known to some as "The New Envoque" or the "Funky Divas of the South", the group of four young ladies overwhelmed the audience with many of the latest sounds of the 90s.

The ladies are all African-American South Florida natives who blend the complexity of emotions and attitudes to make soulful music. They were the winners of the Magic City Mega Talent Search '92 and the coveted PACE/Pepsi R&B Showcase title for 1993-94.

"The Ladies of Mystique" have opened for Jennifer Holman, Gerald Alston, Solomon Burke, The Delphonics and Harold Melvin and the Blue Notes.

Serving as the mistress of ceremony for the evening was Charvell Becton, director of education for Planned Parenthood, and SunFest volunteer. Mrs. Becton introduced the singing group to the audience and the center became completely black with no lighting. Suddenly, the curtains were drawn, different

stage lights came on and the "Ladies of Mystique" appeared before the audience. They sang with strong, forceful voices.

Rotating the role of lead singer amongst the four, the group is well composed of alto and soprano vocalization.

The night moved on briskly and the ladies went from one song to the other without any noticeable malfunctions.

During intermission, posters were given to members of the audience who were in attendance for a drawing. The posters were sponsored by Planned Parenthood. Two all-expense paid trips to Paradise Island, Bahamas were also given to members of the audience. The trip included round-trip air fare, three days/two nights with three meals-a-day plus taxes and transfers. The trip itself was sponsored by The Bahamas Tourist Bureau, Paradise Island Fun Club and Bahamas Air.

Following intermission, the singing group appeared on the stage again singing music the audience was able to move their heads and shoulders to. The group got the audience involved with their performance by asking them to clap along with the beat.

Born and raised in Miami, the ladies' motto is "If you believe in yourself, nothing and no one can stop you from succeeding." They are reminiscent

of "The Supremes" and "The Emotions" with their nostalgic vocalizing.

The evening was sponsored in part by SunFest, Southern Bell, PACE, Florida Department of State, Division of Cultural Affairs, Florida Arts Council and Palm Beach County Parks & Recreation.

According to Cartheda Konchellah, CEO and Executive Director of the Zora Neale Hurston Roof Garden Museum, the museum's grand opening will be Nov. 12. An educators reception will be held in mid-November.

Founded in 1990, the Zora Neale Hurston Roof Garden Museum Inc. is one of the first operational Black History Museums in Palm Beach County, and the only such nonprofit enterprise with a publishing focus. Located in Belle Glade, the museum represents a partnership between scholars, educators, businessmen and the community, whose mission is to change the way America looks at the achievements and contributions of people of African descent. The museum sponsors the MUCKSTEPPERS' REUNION, Africamp, Zora's Kids, Hurston Leadership Academy/African Month Project and Juneteenth.

If you would like more information about the museum and its mission, call 996-2161.

Blue Devils still undefeated; will travel to LaBelle for district match up Friday

By Robbie Everett
Undefeated Pahokee traveled to John I. Leonard Friday evening and came home winners as they defeated their opponent 14-6.

The non-district game brought the Blue Devils' record to 3-0.

The Blue Devil's were challenged by Leonard's offense and Leonard's defense.

Lafann Williams led the Devils' rushing attack with 121 yards in 18 carries.

Corey Robinson led the Pahokee defense with nine tackles.

Anthony Williams had seven tackles, and Andre Taylor had six tackles.

Ronald Boldin and Dedrick Hampton each had five tackles in the ball game.

At halftime, the Devils led the Lancers 8-6. Leonard was threatening a

score but they were held on a down, and a field goal attempt failed.

When the fourth quarter began the team members, fans and cheerleaders felt tension.

The Devils scored the last touchdown on an interception, return by Carl Bolding for a touchdown. However, due to a penalty flag, the ball had been called back.

The Blue Devils used that mishap as a boost because late in the fourth,

Jeremy Hanna caught a pass from Darrell Smith and scored the final touchdown.

The Blue Devils received 15 first downs throughout the game, and the Lancers received 22 first downs.

Pahokee rushed 51 times for 173 yards, while Leonard rushed 43 times for 168 yards.

Both teams were equal in passing yardage with 23.

Pahokee was penalized three times for 35 yards. John I. Leonard was penal-

ized one time for 15 yards.

The Blue Devils will be on the road again Friday evening when they will travel to LaBelle for their second district game.

The Blue Devils defeated Cardinal Newman in their first district game, and they are ranked No. 1 in their district.

LaBelle's record is 2-0. They have not seen district action this year.

Pahokee and LaBelle are in the State Class 3A poll, District 7.

Glades Central pounds Lake Worth; Brahman's next district opponent

Tammy Jackson
Staff Reporter

When the Glades Central Raiders departed for Lake Worth Friday evening, never did anyone believe they would come home with the story "We didn't let them score on us!"

Raider fans didn't doubt their team would come home victorious but some of them were uncertain their opponents would remain scoreless. The Raiders squashed Lake Worth 34-0.

The Raiders are presently ranked No. 2 in the state's Class 4A poll, and are No. 1 in Palm Beach County.

Senior tailback James Jackson scored three touchdowns for the Raiders.

Central's McCall and Thomas both contributed touchdowns to seal the win for the Raiders.

Louis kicked the football four times through the upright for the Raiders.

Glades Central will host Okeechobee Friday evening at Raider field. Game time is at 7:30 p.m.

Traveling approximately 1 1/2 hours from Okeechobee, the Raiders plan to demonstrate to the Brahman's the reason why they are ranked No. 1 in the Class 4A poll. The game will be the second district game for the Raiders.

They defeated South Fork in their first district game of the season. The Brahman's are

coached by Cary McKee. Their record is 2-1, and their district record is 0-1.

"We're just going to try and stop their running game and their quarterback," said Coach McKee. He said they (the Raiders) are a great team and his team would have to stop Jackson and Central quarterback JaJuan Seider.

The coach said players that will see a lot of football action for the Brahman's are senior Chris Branham, quarterback; senior John Grace, fullback; senior Dennille Chambliss, tailback; senior Scooter Gillis, wide receiver and kicker; and, junior Jamel McKee, tailback/defensive back.

Blue Devils win one, lose one against area rival

By Robbie Everett

The Lady Blue Devils won a game and lost a game this week with game two being a squeaker against Glades-area rival, Glades Day School Lady Gators.

Tuesday night's game against the Forest Hill Lady Falcons was led by sophomore Robin Collier with nine service points, and junior Jacarda Banks with eight service points.

Maryuri Rojas and Jennifer Smith each added

six points to seal the 2-1 victory for the Lady Blue Devils.

Collier also assisted Jacarda Banks (four spikes) and Robbie Banks (four spikes) as the setter, Jacarda Banks also had two aces.

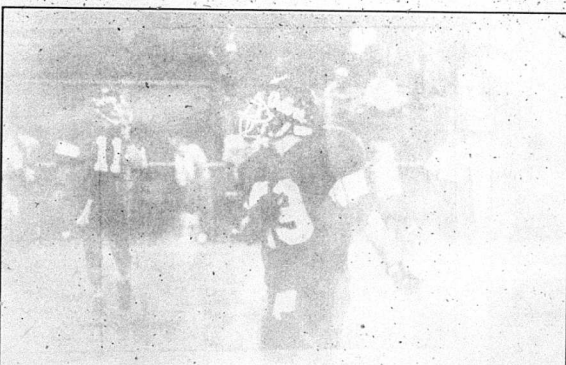

Wednesday night, the Lady Blue Devils were at home against hometown rival Glades Day School Gators.

The Lady Devils were led by Robbie Banks (10 points,

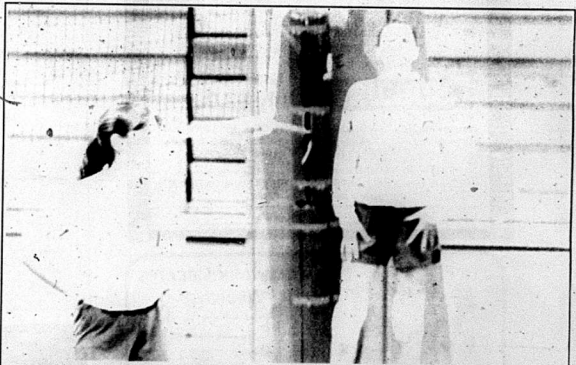

five spikes and four blocks), and Robin Collier (six service points as well as several sets).

In the third deciding games, the tension mounted as the Devils and Gators volleyed set, and dove for balls in an attempt to take it all.

The Lady Gators won the last game 12/10 with Marchette Bowens leading her team with tips and spikes that caught the Devils off guard.

Glades Day School Gators take to the football field in a manner that they know they can't be beaten.

Volleyball is a sport that receives much attention at Pahokee Middle/Senior High School. The Lady Blue Devils study the playing court and each other teammates.

Glades Day Gators to face district rivals Benjamin Bucs

By Paula Whitehead

Glades Day School's Gators remain undefeated after Friday's 34-21 win over the Lake Placid Dragons.

Jackie Garrett rushed for two touchdowns and passed to Brad Seider for a third. Danny Scott scored twice for the Gators.

This week, Glades Day will host district rivals the Benjamin Bucs. This is considered by the Gators to be one of the

most important games of the season.

Last year, the Bucs beat the Gators in the regular season but the Gators came back to beat the Bucs in the play-offs to go to the state championship.

The Bucs are ranked number three in the state's Class 2A poll and the Gators are ranked number one, with Moore Haven ranked number two.

Benjamin lost to the Moore

Haven Terriers in the jamboree held at Glades Day.

So far this season, these three teams are all undefeated. Glades Day and Moore Haven have both won one district game each and this will be the first district game for Benjamin.

Glades Day will need to win over Benjamin to hold on to the number one ranking in the state polls. Kick-off will be at 7:30 p.m., Friday night at the Gator Den.

Baby Gators remain undefeated; Sweet enters endzone twice

Tammy Jackson
Staff Reporter

Junior varsity action saw Glades Day School facing Benjamin last week. The Baby Gators stomped Benjamin and defeated the home team 19-0. In a game where every team member was able to participate, the coach said everyone contributed to the win.

Lee Sweet scored two touchdowns for the Gators. He rushed 15 times for a total of 171 yards.

John Courson rushed 11 times for 76 yards.

Zac Threlkeld rushed two times for 39 yards.

Daniel Mills scored one touchdown and rushed three times for 25 yards.

Jahmar Marriott rushed four times for 20 yards.

The leading tacklers for the Gators were: Pablo Sanchez - made five tackles and had

three assists; Matthew Snow - had three tackles and four assists. He sacked the quarterback one time; Julian Rodriguez - had three tackles and three assists; Daniel Mills had two tackles and three assists. He sacked the quarterback on two occasions.

Todd Griffin had a fumble recovery.

During the ball game, Sweet ran an 83-yard touchdown in the first quarter. He also ran a 5-yard TD run in the second quarter. Mills added points to the scoreboard when he ran a 10-yard run in the second quarter. Rodriguez kicked the ball through the upright one time.

John Lee Hand contributed to the success of the Gators with three tackles on special teams.

The Baby Gators will play host to the Moore Haven Terriers tonight. Gametime is 7 p.m.
